

Anas Akbar Saqi

Web Developer

As a dedicated and results-driven Frontend Web Developer, my goal is to contribute my passion for creating visually appealing and user-friendly websites to a dynamic team. With a strong foundation in frontend development technologies, including HTML, CSS, and JavaScript, coupled with extensive expertise in leveraging the power of WordPress for seamless content management, I aim to bring innovation and efficiency to web projects. My focus is on delivering intuitive and responsive user interfaces that not only meet but exceed client expectations. I am eager to collaborate with like-minded professionals to enhance the digital experience and contribute to the success of projects through my technical proficiency and creative problem-solving skills.

Experience

○ 2023 - 2023

Benchmark Studio Lahore

Frontend Web Developer

During my three-month internship at Benchmark Studio, I had the opportunity to contribute as a Frontend Web Developer, and it was an invaluable experience that significantly enhanced my skills and knowledge in the field. Working within a dynamic team, I played a key role in developing visually compelling and user-friendly websites. My responsibilities included translating design mockups into responsive web pages, implementing and troubleshooting code, and collaborating with cross-functional teams to ensure seamless project delivery.

○ 2023 - 2023

Benchmark Studio Lahore

Wordpress Web Developer

During my impactful 3-month internship at Benchmark Studio, I had the privilege of serving as a WordPress Web Developer. Working within a dynamic team environment, I successfully translated design concepts into fully functional and visually appealing WordPress websites. My role involved not only implementing responsive and user-friendly interfaces but also optimizing website performance and ensuring seamless content management.
